

# Know, Wonder, Learn

| <b>What I wondered...</b><br><b>(e.g what were you curious about, you should reword to include reference to the app of technology)</b> | <b>What I already know related to this...</b><br><b>(Write in complete sentences or use bullets) -- Minimum one thing!</b>                                                                                                                                                                                  | <b>What I have learned...</b> |
|----------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------|
| How do you migrate Netflix from one platform to the next?                                                                              | <ul style="list-style-type: none"><li>- Different devices have very different softwares and thus apps need to be reconfigured before they can be launched on multiple platforms</li><li>- Apps for different phone brands like Samsung vs Apple need to be built specifically for each phone type</li></ul> | Do not fill in until Week 10  |
